

WESTERN MONEY SYSTEMS
SPECIALIZING IN CASH HANDLING TECHNOLOGIES

JACKPOT Xchange
TM

Employee Tools:

- With proper interface to your slot accounting system, complete automation of jackpot payment including form generation and printing through W-2G.
- Provides employees with multiple touch points strategically located across the casino floor for quicker player payment and higher customer satisfaction.
- Proper placement across your floor can alleviate cage lines and long player wait times even on your busiest nights.
- Two employees can use the two screens at the same time to perform their individual tasks, which increases efficiency.
- Full 2 way communication speeds processing time.
- Web based reporting/monitoring allows access for authorized personnel from any business network computer.

Innovative Options:

- Pouch Pay allows employees to reach the floor sooner, to access to their own cash funds as needed throughout their shift, and to complete end of shift processing and balancing more quickly, with full management reporting and monitoring capability.
- Bio-metric scans available for employee identification.
- Scanner for capturing customer ID image.
